

BUFFALO BILL SHOW WILL OPEN MONDAY

Trick Riders From Every
Country and Western
Acts on Bill.

Every boy and girl in Washington—and many of the grown-ups, too—will be on hand to greet Buffalo Bill and his big troupe, which opens a two days' engagement at Fifteenth and H streets northeast tomorrow afternoon. Matinees will be given Monday and Tuesday at 2 o'clock, and the evening performances will begin promptly at 8 o'clock.

From many foreign countries Buffalo Bill has gathered a big troupe of rough riders, who will do all sorts of stirring saddle stunts. The Indians, however—and there are a lot of them—will ride bareback and show young America just how they ride on the plains, and also just why they were so much fiercer in the old days than the soldiers who were sent out to subdue them. Their riding will be one of the greatest features of the show, and will be accompanied by all the war whoops and shrill yells that any boy in the big crowd could desire.

The most notable feature of the performance will be the battle of Summit Springs, a reproduction of the famous encounter many years ago in which Buffalo Bill, then a famous scout, took part, and in which he killed the noted Chief Tall Bull.

Then there will be the great train robbery, in which will be shown one of the methods of redress which the Indians adopted when they found their possessions slipping away. The hold-up is always a thrilling feature of Buffalo Bill's show, and in this case the excitement provided in the fighting acts there will be a typical scene of peace among the Indians. In this act the Redskins will strike the pipe of peace and give a series of native dances. Much of the comedy will be provided in the broncho riding, which never fails to elicit screams of laughter from the audience. Some of the greatest "kicker" in the lot of ponies are brought out for this exhibition, and in one of the best and most amusing features of the entire performance.

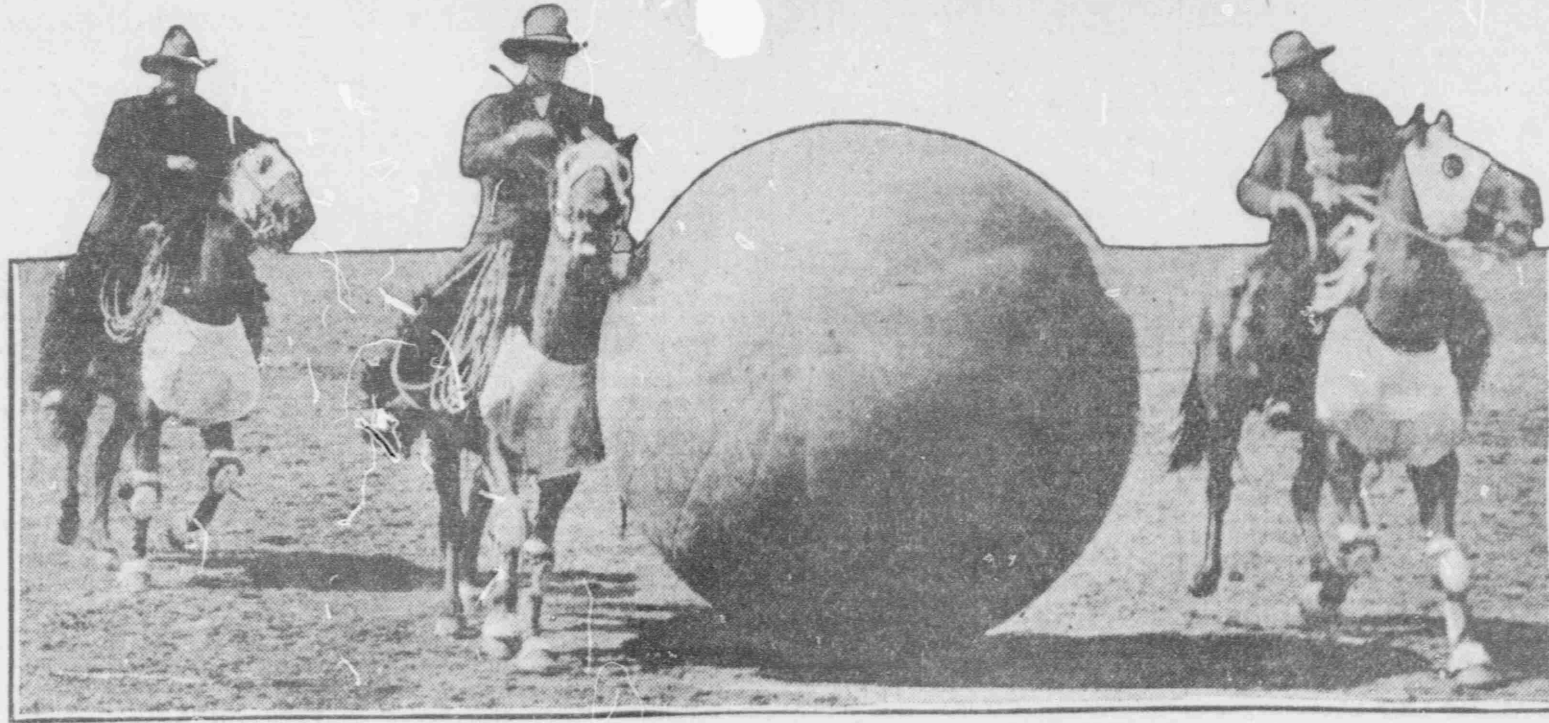

A company of Cossacks will demonstrate the agility of the crack Russian.

MILLIONAIRE SUED BY SON OF VICTIM

Suit has been filed in the Supreme Court of the District by William Macaboy, administrator of the estate of Frank B. Macaboy, who was shot and killed by Gaston P. Philip, the millionaire clubman of New York and Washington, May 15, 1907, to recover \$10,000 damages on account of Macaboy's death.

In his declaration the administrator says that the nineteen-year-old son of the dead man is the next of kin, and that he is suing on his account.

\$25,000 DAMAGES ASKED BY TEACHER

Miss Nalle Enters Suit
Against Members of
School Board.

Miss Mary E. Nalle, the high school teacher who was dismissed by the Board of Education, and whose attempt to secure reinstatement through the courts failed last week, when the Court of Appeals reaffirmed the decision of the lower court, which had sustained the Board of Education, today brought suit against six members of the board for \$25,000 damages, alleging that she had been libeled.

In her declaration, Miss Nalle declares that she always has been a person of good reputation, for more than thirty years a teacher in the public schools, and has been considered faithful, diligent, and competent. Although the defendants well knew these facts, she says, "by contriving and wickedly and maliciously intending to injure her," they filed in the District Supreme Court last May a paper in which was a charge that she had been found deficient in the necessary academics and pedagogic equipment of a competent teacher. By reason of the alleged libelous statements, Miss Nalle says that she has lost and been deprived of the support and emoluments which otherwise might have accrued to her, and she has been deprived, she states, of the opportunity of supporting herself by means of her business and profession.

MRS. FRASER BETTER.

Doctors at Sibley Hospital said last night that the condition of Mrs. Margaret V. Fraser, who was brutally assaulted by an unidentified assailant in her home at Indian Head, Md., was considerably improved. It has been determined that Mrs. Fraser has not a fractured skull, although it is thought there may be a slight concussion of the brain. Charles county authorities are still looking for Mrs. Fraser's assailant.

INSISTS ON PARK FOR PLAYGROUND

Garfield Only Available Site
In Neighborhood, Says
Association.

In reply to the objections made by persons living in the neighborhood of Garfield Park, to this being used as a public playground, the leaders in the playground movement say that the greatest demand in that section of the city is for a small neighborhood playground of half an acre or less.

It is argued that playground extension is one of the most important parts of the work of the association, and that this is the most available location for a playground in that section of the District.
